# Ultimate Uncapping System

The fastest, easiest,  
most affordable way  
to uncap frames  
cleanly.

Perfect for the  
Hobbyist or Urban  
Beekeeper!

Cut up or down.  
Works with all  
uncapping tools.  
Drainage system  
directs honey and  
cappings  
into bucket.  
No mess!

Fits any 5/6 gallon bucket, with  
or without strainer or filter bag.  
Deep grooved for stability.

Lightweight, with built-in hand  
hold. Smooth surface cleans up  
easily. Stores easily in bucket.

Holds Medium or Shallow frames  
while uncapping. Wood or plastic,  
square or beveled corners.
